Title (description) Reassignment of S-Designor Enterprise license

	PDPS database

RTM Changed ☐   **Start New Baseline** ☐

Problem

PDPS subsystem uses S-Designor to create and design its database schema. We have extensive use of the tool. It is very inconvenient to share the tool with others in the lab especially when getting close to deadlines.

Proposed Solution

We have been notified that there is a S-Designor license available. The copy was installed on Sushma Singhal's PC (with Hughes property tag H-C67263) which is inherited by Mary Lou Chipman. We are making a request to reassign the license to Amy Tseng, database developer for PDPS release B and install the tool in her PC in room 3034G.
